Montgomery Regional Airport MGM

MGM serves the greater Montgomery area of the State of Alabama. Generally, it opens 4am and closes after passengers on the last flights have departed.

MGM Airport is only six miles southwest of the capital city of Montgomery - off Selma Hwy 80, west of I-65, and is accessible from I-85 connecting to I-65 south.

With two runways and 342,120 passengers in 2016, Montgomery Regional Airport is served by major airline subsidiaries offering flights to some U.S. hubs, with worldwide connections.

The passenger terminal at Montgomery Regional Airport has been expanded by some 80 feet westward, adding new and improved gates and facilities, including escalators, elevators, jet bridges, and flight information displays, as well as new restrooms, food, drink & shop concessions and free WiFi throughout the Terminal. Volunteer Ambassadors roam the terminal offering assistance. The current business center has just been updated.
The Customer Service desk & Visitor Center can be contacted at tel. 334-281-5040 or by e-mail: customerservice@montgomeryairport.org.
